

HOW TO PLAY EASTER TABOO

Split into two teams. One player from the first team picks a card and tries to get their teammates to guess the main word at the top of the card without saying any of the "taboo" words listed below it. They can describe, act, or use other creative clues, but they must avoid the forbidden words! If they accidentally say a "taboo" word, the other team can buzz them, and the turn ends. Set a timer (1 minute works well) for each turn. Each correct guess earns a point. Alternate teams and keep playing until all the cards are used or a set score is reached.

The team with the most points wins!
