

HOW TO PLAY

To play Let's Roll A Snowman, grab one or two dice, paper, and something to draw with—or head outside if there's real snow to build your snowman for even more fun! Take turns rolling the dice, and each roll lets you add a different part to your snowman, from the body and head to the hat, scarf, and buttons. Use the guide to see what each number means, and Keep rolling until your snowman is complete. If you're outside, each roll will tell you which part to build next on your real snowman! The first to finish their snowman wins.

Give your snowman
a name

Give your snowman
buttons

Give your snowman
eyes

Give your snowman
a left arm

Give your snowman
a nose

Give your snowman
a right arm
