For the snowman's face, we used _____ (plural noun) for eyes, a _____ (adjective) _____ (noun) for a nose, and a _____ (adjective) smile made of _____ (plural noun). We wrapped a _____ (adjective) scarf around its neck and topped it off with a _____ (adjective) hat that we found in _____ (place).

Suddenly, as we stepped back to admire our work, the snowman started to _____ (verb) all by itself! We watched in disbelief as it _____ (verb, past tense) down the street, leaving tracks as deep as _____ (plural noun). People in the town felt _____ (emotion) as the snowman waved and _____ (verb, past tense) toward the _____ (place).

In the end, the giant snowman stood proudly in the middle of town, and everyone agreed it was the most _____ (adjective) snowman they had ever seen. We couldn't wait to build another one next year—maybe even bigger than _____ (noun)!
