

3D Easter Eggs to Hang

Materials Needed:

- Printable Template
- Scissors
- Glue
- String/Ribbon

Instructions:

- Print out the Egg Template.
- Carefully cut out the template.
- Choose the egg with the design you want.
- Fold each easter egg shape in half.
- Glue the back of easter eggs together to create a 3D effect.
- Continue, securing all the eggs together.
- When all the eggs are attached, squeeze a dot of glue in the center of the folds.
- Stick a loop of string on the glue, then close the egg completely with glue.
- Allow the glue to dry before hanging the eggs.
