BUSY BINDER

1 INCH SPINE

1 & 1/2 INCH SPINE

2 INCH SPINE

3 INCH SPINE

PRESHCOOL/KINDERGARTEN BUSY BINDER

How to prepare the Busy Binder

Print the activity and matching activity manipulative pages. They can be printed on regular printer paper or cardstock paper for extra durability.

After printing, laminate the activities, hole punch using a 3-hole puncher, and place them in a binder.

In addition, print, laminate, and cut the activity manipulatives. They can also be printed on regular printer paper or cardstock paper for extra durability.

Next add your matching velcro pieces to each activity and its matching activity manipulative.

You can place the manipulatives for each activity in a separate ziploc bag and then place the ziploc bags in the 3 ring binder pencil bag for safe keeping.

Creating your busy binder this way will allow your kiddos to have fun over and over again. The binder can then be passed down to siblings, friends, or family members.

Quick Tip: You can also print and let your kiddos use scissors and glue for a one time use instead of laminating and placing in a binder. You can then reprint the activity when they want to enjoy it again!

MATERIALS

**DRY ERASE MARKERS
WITH ERASER**

**3 RING BINDER WITH CLEAR
COVER**

LAMINATING SHEETS
